

# 3<sup>rd</sup> SURFENTECH

EXPO ON SURFACE & COATING SOLUTIONS

**11 12 13** JUNE 2026

CHENNAI TRADE CENTRE

Media Partner **Blooming** 

Organiser :  **TOREDO FAIRS INDIA PVT LTD**

✉: [info@surfentechexpo.com](mailto:info@surfentechexpo.com)  
🌐: [www.surfentechexpo.com](http://www.surfentechexpo.com)

## **Transforming Surfaces, Empowering Innovations, Fostering Collaborations!**

India's surface coating industry is growing rapidly, with the industrial coatings market expected to register a CAGR of over 5% from 2025 to 2029. This growth is driven by increasing demand for protective coatings and corrosion coatings, particularly in the automotive sector. Increased demand for industrial coatings along with improved global economic conditions are attracting companies to opt for investments, expansions, mergers and acquisitions in this market. Robust funding in the construction, marine and energy industry have led to boosting industry trends offering lucrative business opportunities. The market growth in the Asia Pacific Coatings market is attributed to this rising demand from emerging end-use industries such as packaging, automotive and general industrial, protective, automobile etc..

Tamil Nadu, India's industrial powerhouse, offers immense opportunities for the surface coatings sector, driven by its expansive manufacturing hubs, industrial zones and thriving chemical and petrochemical infrastructure. The state's rapid economic growth, urbanization and significant investments in industrial and real estate sectors have created an ever-growing demand for advanced protective coatings.

In context of this rapidly growing sector, TFI brings to you the premium trade event on surface engineering and coating - SURFENTECH 2026 Participating in this Expo positions you at the heart of this vibrant market, providing direct access to key decision-makers and industry leaders. Showcase your innovations and solutions in a region that defines industrial excellence.

# Industrial Coatings - Market Dynamics

## Drivers

- Increasing demand for durable and corrosion-resistant materials
- Growing construction and infrastructure development
- Rising demand for eco-friendly and sustainable coatings
- Expanding automotive and Various industries

## Opportunities

- Attractive prospects for investments in the powder coatings in the marine industry, especially for the developing countries. Asia Pacific region is a major market for ship building and Pipeline sectors.
- Shift towards eco-friendly and sustainable coatings
- Growing adoption of digital technologies in coating processes
- Rising demand for coatings in emerging markets

## End-Users

- Protective end-use industry segment accounted for the second highest share of the Industrial coatings market. This segment has a **wide portfolio** ranging from application on consumer products and heavy machinery, in oil and gas, petrochemical, infrastructure, power generation to water & sewage industries.

## Event Highlights:

- **Surface Preparation Technologies: Elevating Foundations**

Witness the evolution of surface preparation techniques that set the stage for superior coatings. Discover state-of-the-art methods to enhance adhesion, durability, and performance.

- **Coatings and finishing: Where Art meets Functionality**

Immerse yourself in a spectrum of coatings and finishing solutions that redefine aesthetics and functionality. From nano-coatings to advanced polymers, witness the future of surface enhancement.

- **Corrosion Protection: Shielding for Longevity**

Delve into the realm of corrosion protection strategies that extend the lifespan of materials. Learn about advanced coatings and corrosion-resistant technologies designed to withstand the harshest handling and environments.

- **Environment engineering: Sustainability in Surface Solutions**

Experience the intersection of technology and environmental consciousness. Explore eco-friendly surface engineering solutions that minimize environmental impact without compromising performance.

- **Technological Advancements: Shaping the Future**

Stay ahead of the curve with the latest technological breakthroughs. Engage with experts showcasing innovations in surface engineering, automation and digital solutions transforming the industry.

## DIVERSE VISITOR AUDIENCE

- Industry Professionals
- Researchers and Scientists
- Engineers and Technicians
- Government Representatives
- Academia
- Entrepreneurs and Investors

## KEY THEMES

- Surface Engineering
- Preparation
- Coatings and finishing
- Corrosion Protection
- Environment Engineering

## FEATURED TECHNOLOGIES

- Nano-coatings
- 3D Printing in Surface Engineering
- Smart Coatings

## EXHIBITION TAKEAWAYS

Networking opportunities, Knowledge Exchange, Cutting-edge Innovation Showcases, Business Expansion, Professional Development, Expert Insights, Product Launches, B2B Matchmaking Sessions and more.

Don't miss the chance to be part of the revolution in surface engineering! Join the convergence in shaping a world where materials are not just protected but transformed for longevity in an eco-friendly way!

We invite you to join and explore new horizons, exchange ideas, and forge collaborations that will shape the future of surface coating and engineering.

# EXHIBITOR PROFILE

## Coating Products

- Marine Coating
- Automotive E coating
- Anti-corrosion
- Finishing Chemical
- Metal-Wood-Plastic-Glass Coating
- Green Technology Coatings
- Protective coatings
- Industrial
- Lacquer
- Non-stick
- Powder & Paint Coating
- Fire-Resistant, Retardant & Intumescent Coatings
- Floor Coating
- Plasma Coating
- Liquid & Powder coating

## Measurement & Testing

- Alternatives for Polyester
- Chemicals Characterization
- Color & Others Visual Properties
- Dry Film & Mechanical Properties
- Metallic Effects Powder Coatings
- Surface Analysis
- TGIC Systems
- Wet Paint Characterisation

## Measurement & Testing

- Alternatives for Polyester
- Chemicals Characterisation
- Color & Others Visual Properties
- Dry Film & Mechanical Properties
- Metallic Effects Powder Coatings
- Surface Analysis
- TGIC Systems
- Wet Paint Characterisation

## Mechanical Finishing

- Arc welding, Abrasion/Abrasive
- Anti-rusting/Rust-removing Technology
- Heat Treatment
- Laser Cleaning
- Polishing Deburring
- Shot/Sand-blasting
- Welding & Cosumables
- Water proofing technology
- Brazing&soldering

## Adhesive & Sealant

- Various Adhesive & Sealants
- All Purpose Glue
- Bonding & Masking Tapes
- Packaging Tapes
- Protective Film Products
- Machine for Adhesive Manufacturing & Applications

## Coating Applications & Equipments

- Coating Applications
- Conveyor System
- Curing Ovens
- Electrophoretic Coating (Anode/Cathode)
- Robotic Finishing
- Spray Gun
- Spraying Booth
- Thermal Spraying
- UV Curing

## Coating Raw Material & Production

- Maintenance
- Personnel Management
- Manufacturers of Equipment
- Plant Heads
- Procurement & Purchasing
- Project Developers
- Project Managers
- Quality control
- Research & Development
- Service Personnel
- Technical Specifiers

## Pre-treatment Technology & Plating Process

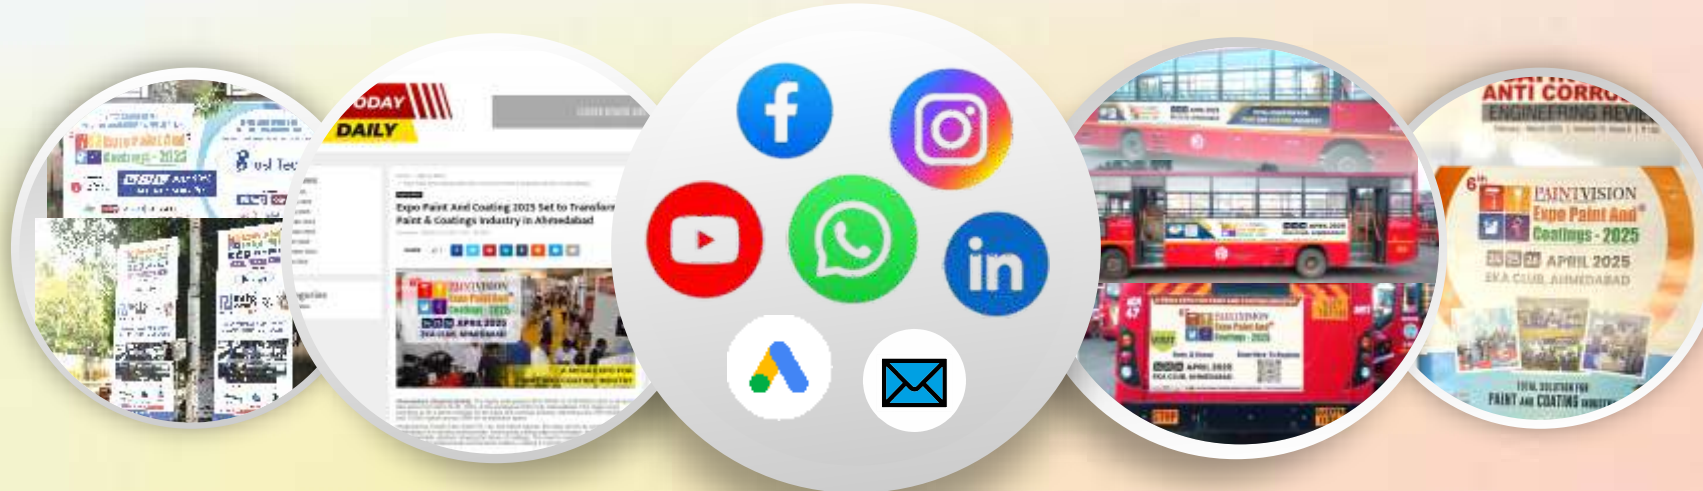

- Acid Dipping
- Plasma Technology
- Cleaning
- PVD/DLC
- Anodizing
- Vacuum Plating
- Acid Cleaning Systems
- Conversion Coatings
- Degreasing
- Electroplating
- Phosphorization
- Plating/Painting on Plastics

## VISITORS PROFILE

- Maintenance
- Personnel Management
- Manufacturers of Equipment
- Plant Heads
- Procurement & Purchasing
- Project Developers
- Project Managers
- Quality control
- Research & Development
- Service Personnel
- Technical Specifiers

# Marketing Campaign

- WhatsApp Campaigns
- Digital Marketing
- Email Invitations
- Personal Invitations
- Transit Advertising
- Telemarketing
- Magazine Advertisements
- Inviting Members of Trade Associations
- Authentic Industry Database from Past Editions
- PR Activity through Previews & Reviews in Print & Electronic Media
- Promotion Via Media Partners
- Show Listing on Top Industry Portals
- Web Banners Advertisement on Industry Portals
- Social Networking Websites & FM Radio Network

## TARGET INDUSTRIES

- Aerospace
- Aircraft & Railways
- Marine / Shipyard
- Automotive & Auto part
- Building & Construction
- Chemicals & Pharma Industry
- Defence
- Electronics Parts
- Machine Building & Engineering, OEMs
- Wood & Furniture
- Consultant
- Metallurgical
- Mold & Die
- Offshore / Oil & Gas
- Cement & Chemical
- Packaging
- Rubber & Plastics
- Sanitary Ware
- Home Appliance
- Kitchenware
- Energy & Power Plants
- Toys / Sport Leisure
- Boiler & Turbine Manufacture
- Iron & Steel manufacturing
- Desalination Plants Manufacturers Cooling Towers

## ABOUT ORGANISER

Toredo Fairs India Pvt. Ltd. is an Indian Exhibition Organising company engaged in creating thriving business opportunities for the buyers and sellers of various industries by means of its business events -primarily Exhibitions and Conferences on specific B2B subjects.

TFI is driven by a team of highly professional individuals with a rich cumulative experience of more than 250 National and International events. The team at TFI excels in creating, marketing, selling, executing and fostering mutually gainful alliances while maintaining our value based vision of extending our customers a maximum return of investment. TFI team has a commendable track record of working with Multinational groups, SME sector, Government bodies , Associations and Media enabling us to deliver our goal of providing our Exhibitors and Visitors effective and profitable solutions with incredible ease.
